

ASX ANNOUNCEMENT

23 December 2024

DEVELOPMENT DRILLING UPDATE GALACTICA PROJECT

Highlights

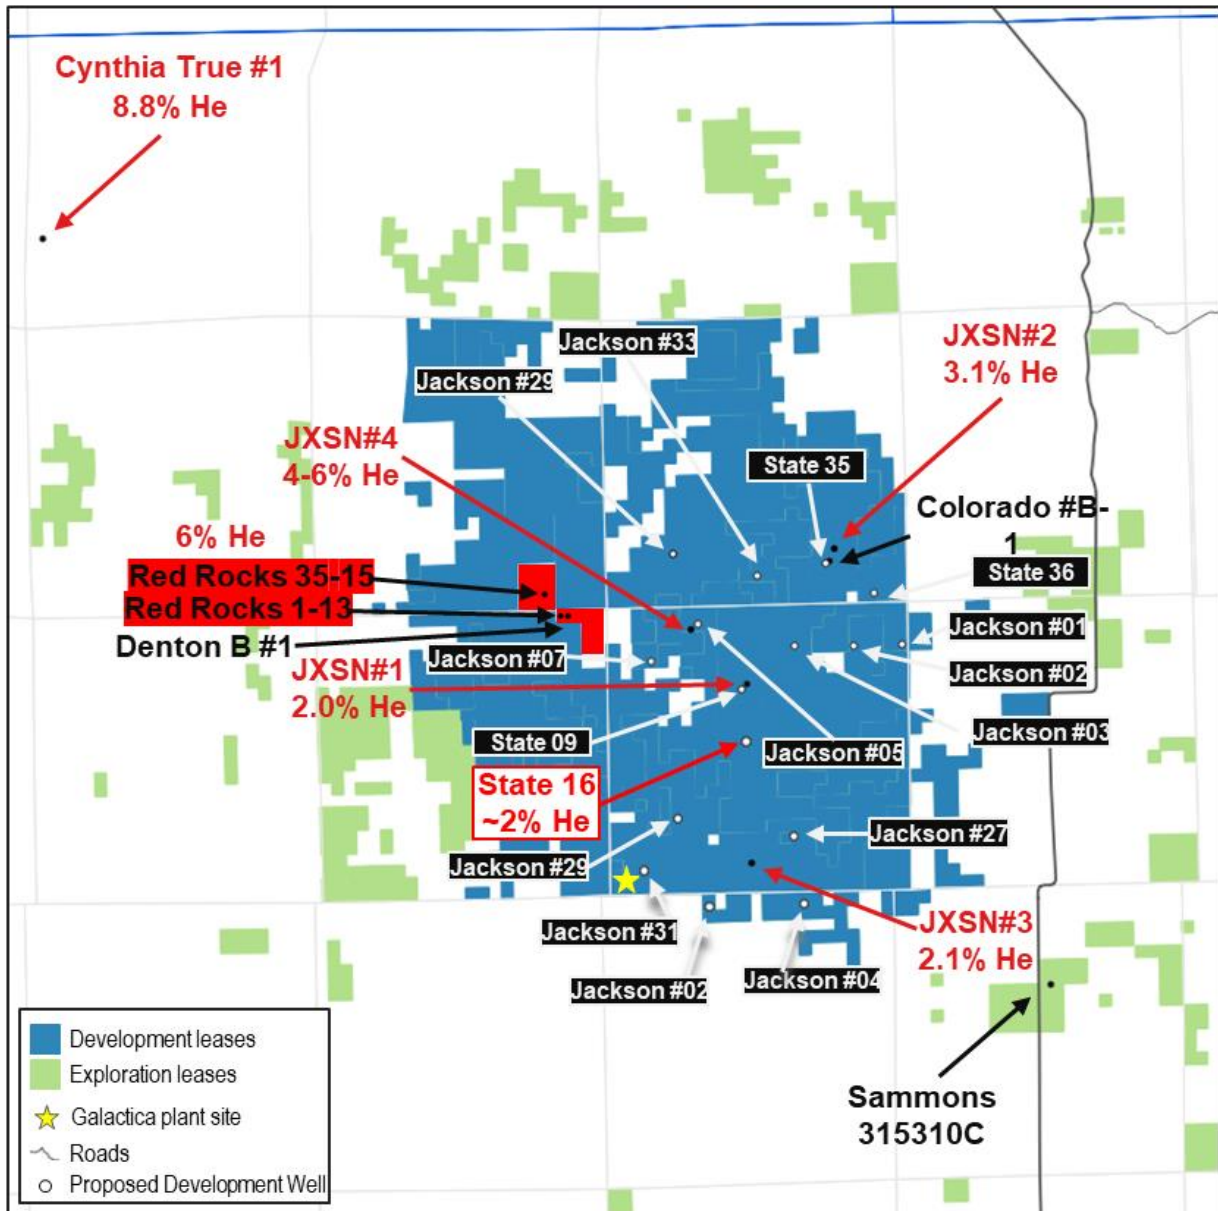

- Site works have begun on access and the well pad at Jackson #31.
- After completion the crew will commence site works at the Jackson #04 location.
- Drilling is scheduled to start in January at Jackson #31 followed by Jackson #04.
- A further 3 approved wells are scheduled for this campaign.

Blue Star Helium Limited (ASX:BNL, OTCQB:BSNLF) (**Blue Star** or the **Company**) provides an update on development activities for its Galactica helium project in Las Animas County, Colorado.

Site works have started at Jackson #31.

Drilling is expected to start, subject to weather, in mid-January 2025 at Jackson #31 followed by drilling at Jackson #04. A further 3 approved wells are scheduled for this campaign. The Company will update on the order these will be drilled after the drilling of Jackson #04.

This ASX Announcement has been authorised for release by the Board of Blue Star Helium Limited.
